

**Date: 13 Nov 2022**

**Team Name: BIG-HERO 5**

**Leader Name: Amjad Alshehri**

## **Gathern Project**

**Daily Goal: Improve the EDA, complete translation and preprocessing**

**Clearly state your objectives for the day in 3-6 sentences.**

**Amjad Alshehri:**

**Done:**

- Preprocessing the data using Excel (mapping categorical values, group features columns by one type)
- Improve the preprocessing technique in Python
- Translate parts of the dataset
- Improve EDA

**To-Do:**

- Improve preprocessing
- Improve EDA

**Manar Alwsaidi:**

**Done:**

- Creating the dashboard

**To-Do:**

- Improve the dashboard

**Aisha Alsuodi:**

**Done:**

- Preprocessing the data using Excel (group features columns by one type)
- Translate part of the dataset
- jotting and writing every step of the process
- Improve EDA

**To-Do:**

- Documentation

**Nawal Almutairi:**

**Done:**

- Preprocessing the data using Excel (simplifying the address column)
- Translate the dataset

**To-Do:**

- Complete dataset translation

**Suliman Busaleh:**

**Done:**

- Create EDA, preparing a notebook template with codes for visualization
- Create an interactive project tracker sheet as record for all project tasks done by the team to be attached later with the final report

**To-Do:**

- Improve EDA
