Date: 10 Nov 2022
Team Name: BIG-HERO 5
Leader Name: Amjad Alshehri
Gathern Project

Daily Goal: Preprocessing and translating the dataset, and create EDA

Clearly state your objectives for the day in 3-6 sentences.

Amjad Alshehri:
 Done:
- **Reviewing the dataset and highlight the important data to focus on**
- **Assigning tasks for the team members and identify the objectives**
- **Preprocessing the raw data using Excel (simplify and group holiday houses titles)**
- **Preprocessing the data using Python (split the features column and one hot encode the values)**
- **Translate parts of the dataset**
- **Create EDA**

 To-Do:
- **Complete preprocessing**

Manar Alwsaidi:
 Done:
- **Preprocessing the data using Python (split the features column and one hot encode the values)**

 To-Do:
- **Complete preprocessing**

Aisha Alsuodi:
 Done:
- **weekly project presentation**
- **jotting and writing every step of the process**
- **Create EDA**

 To-Do:
- **Documentation**

Nawal Almutairi:

    Done:

- **Preprocessing the raw data using Excel (simplifying the address column)**
- **Translate the dataset**

    To-Do:

- **Complete dataset translation**

Suliman Busaleh:

    Done:

- **Preprocessing the raw data using Excel (extract month from the date column)**
- **Create EDA**

    To-Do:

- **Improve EDA**
